I'm on fire
My emotions run so deep
You vowed to love me
Is that a vow you'll keep?
Your smile is so tender
You got me sighing in sweet surrender
Your touch is so pleasing
Makes me warm inside
Makes me feel I'm alive
And I can't resist the heavenly bliss
The magic concealed in your kiss
You must realize what I see in your eyes
Takes me beyond the sky
Silent Morning
I wake up and you're not by my side
Silent Morning
You know how hard I tried
Silent Morning
They say a man's not supposed to cry
Silent Morning
Why did your love have to be a lie?
I'm on fire
And you're my every desire
A living fantasy
And you know just what to do for me
I love the things you do
Here open arms waiting for you
A welcome whisper
Makes me warm inside
Makes me feel I'm alive
And I can't resist the heavenly bliss
The magic concealed in your kiss
You must realize what I see in your eyes
Takes me to paradise
Silent Morning
I wake up and you're not by my side
Silent Morning
How could our love have died?
Silent Morning
They say a man's not supposed to cry
Silent Morning
Why did your love have to be a lie?

You lied again, my love
You'll lie again, my love
We started dancing and love put us into a groove
(As soon as we started to move)
The plan was we would share this feeling between
ourselves
(But she went to dance with someone else)
She tried pretending a dance is just a dance but I see
(She's dancing her way back to me)
Love say
Let the music play
She won't get away
Just keep the groove
And then she'll come back to you again
(Let it play)
