"Always & Forever"

Always and forever, I'll care,
I'll care.
Always and forever, I'll be there,
I'll be there.

Our hearts... align,
The stars, in the sky,
I find... I like
Supernova explosions,
Taken years to show the light

No I can't forget my friends,
When it's time to make amends,
No you can't forget your friends...
'Cause always and forever, I'll care,
I'll care.
Always and forever, I'll be there,
I'll be there.

We're born, we live,
we die, our soul dries,
Our lies, our flights,
Taking up to destinations
That we have left behind

No I can't forget my friends
When it's time to make amends
No you can't forget your friends
No you can't forget your friends
No I can't forget my friends
When it's time to make amends
No you can't forget your friends

Always will remember the day
I was looking at you, you were looking away
And the penalty given to myself
But don't say I did not care

Wish that I had eyes to decide
Sidewalk ends where the earth runs dry

Wish that I had eyes to disclose
Planted a rose where no one goes.

Who knows, how many,
Years, we have left,
A love, may fade,
But you have to remember,
That you can't forget your friends.
No you can't forget your friends
When it's time to make amends
No you can't forget your friends.
