I want to go for a walk outside
I've got nothing to hide
I want to go for a walk outside with you

All complications will end tonight
There's not a person in sight
I need to go for a walk outside with you

Because I want to thank you
For all your time
You see you don't even know
How much you ease my mind, let's go

I'm bringing more of me to the table
I was uncomfortable to sit at before

The thoughts I had of you remind me
Of the pattern of the man who's had
The same haircut for the last thirty years
But now he's ready for a change

Bring on the shift of the paradigm
We're at the end of the line
I think I'm ready to walk outside with you
With you, with you

Because I want to thank you
For all your time
You see you don't even know
How much you ease my mind, it goes

Because I want to thank you
For giving me your all
Because it means so much to me

Well, this is nonsense
Why didn't I concentrate to find some time to
Tell you that I haven't
Been on the same page as you for a while
Been saving truth in a pile

Standing in front of it

Obstructing your view with my smile
I'm sorry for all of it, I'm sorry for all of it
I'm sorry for calling to you to call in quits
But I hope this isn't it

I want to thank you for all your time
You see you don't even know
How much you ease my mind, it goes

Because I want to thank you
For all your time
You see you don't even know
How much you ease my mind, let's go
