Limited vision, limited union  
Unlimited division, unlimited illusion  
Limited freedom, limited right  
Unlimited island, unlimited fight

Our hearts are pounding with a heavy beat  
The rights of millions lay at your feet  
A society marching needs true justice  
A world like this needs true union

Limited vision, limited union  
Unlimited division, unlimited illusion  
Limited freedom, limited right  
Unlimited island, unlimited fight

We have the land, the strength, the power  
Rise up, overcome, take it over  
Ignored too long, we became stronger  
Tear down the walls and let us run over

Limited vision, limited union  
Unlimited division, unlimited illusion  
Limited freedom, limited right  
Unlimited island, unlimited fight  
Limited freedom
