2006 The Rap Up

Mad Skillz

What you want me to do im sorry

Im back (S-k-i-double l-z)

Its not a dis song its a real song

Its ya boi skillz, and im fixin to act up

Since yall keep askin bout the 06 rap up

Pull up a chair, tell you what imma do

For you and yours hold the applause here's the year review

Steelers stole the super bowl lets give it up for them

Then m&m he gave in got married to kim

The violence started hip hop was sorta rollin the dice

some hatas almost stole the live of the homie Obie

Trice (thats right)

and then Chappell's show came back on but afta a few

episodes it was clear he was gone and i hate to see the

homie Dave go, but i love that show about them spoiled

16 year olds

them two indian chicks damn they had me cryin, when

she was like "Doug go get your hair done like mine"

what else, um let me see, thats around the time when

Cam came afta Jay-Z

the Oscars got down with the p-i-m-p, and 3 6 kept it

cool when they was on t.v.

Then T.O. switched teams but i didnt notice cause i was

gettin some gettin some, you know what i mean

DMX got bagged again, drivin while black

While his wife did 100 with his kids in the back

What you know about that, T.I made it clear

You might sell but you wont top the king this year

then Jock and niddy, came with a brand new sound

everybody went to the mall, it was goin down

we all did the motorcycle two times at your shoulders

but after Tom Cruise did it, for me it was ova,

Dick Cheney crazy wit the 12 gauge

and everybody and they momma got a Myspace page

g-plug yea no doubt,take some chicken noodle soup,

let it rain uh a clear it out

and Russell and Kimmora they decided to stop it

And your jeans had to have some designs on the

pockets,
Dallas Austin, yea dude got screwed
we aint look at t.v., we just went to U-Tube
Everyday im hustlin, yea that track was nice,
but its not rap if you jus sayin the same thing twice
The rumor is Rihanna was doin Jay,
Christina Millian, went public, wit Cool and Dre
Just say i was the first to selection
she shoulda named it just say I...aint sellin no records
And Janet Jackson flopped hard,
her album did so bad that Jermaine had to quit his day
job
Norris Barkley dropped crazy to the web on purpose
That song was everywhere, even Foxi heard it
and Cassie and Latoya came on the scene,
but i was too busy doing my shoulder lean
Lil Kim came home, from doing her bid
is it me or when she came out she was lookin like big,
time to switch up rappers took it there
Wyclef and Ludacris they all cut they hair
and ya boy Ne-Yo he went wit the baldy of course, but if
you've seen his hair-line he aint have no choice,
Divorces got bad then down right shifty,
first Bobby and Whitney then K-fed and Brittany
K-fed ya rap career is threw Ron R. Tess almost sold
more CD's than you
Naz said hip hop was dead, but Northern cats,
spent all year tryin to bring New York back
yall need to lighten up son, get a hug
The only time New York came back, was on The Flava
of Love
and T.O. took pills tryin to get himself higher
but if you like me you got hooked watchin the Wire
man Bodie shoulda looked ova his shoulder
and we know because we had the bootleg before the
season was ova
Lot of rappers got shot and didnt shoot, word on the
street is they got dropped by Chris and Snoop
Pharell and Kanye put number 1 to work
you lookin suspect ye, button up that shirt
yall fools must be crazy, if you thought that i, was gone
forget about,
Lil Wayne and Baby, I know yall dudes for being flashy,
wit yall teeth, now yall kissin, now thats just nasty
Mel Gibson, he took a loss, the record got no push son
if Jay-Z was your boss
To get a PS3 you had to hunt, and Snoop got the record
for gettin arrested the most times in a month
Beyonce said Dream Girls was heaven sent, but i hear
that girls been dreamin about gettin a breath mint
Her man Hov came back hot, he was like im so

independant flex that i might buy Cox, thats good
business Jay, do that yea
cause Cox they had two big records this year
ya boy scout might advise you to go that route, cause
everybody was Ballin and Walkin it out, well not
everybody really cause A.I he's still ballin he jus aint
doing it in Philly, Cramer dropped the "n-word" man
dude is crazy, so Madonna wont you show him you're
new baby
Justin Timberlake brought sexy back, is it me or he was
tryin to get next to the blacks,
we lost Dilla and Bradley and my man Proof, Gerald
Levert and Big Phil and Professor X too, its crazy world,
hope its betta in heaven
skills signin out dog 2007 yea
