COMMUNICATION BREAKDOWN

Communication breakdown

See us standing on the other side

Communication breakdown

Our heads up high - united for the fight

Well, i don't want lobotomy, don't need no therapy -

You won't take it, can't take it away

No, you won't change my point of view 'cause i can see
through you -

You can't hide it, can't hide it away

This is malfunction to the society,

But i don't like you and i know you hate me

CHORUS:

Well through the streets i hear the call our rise is gonna
be your fall -

We stand as one back against the wall

Let's bop till you fuckin' drop, your reign has got to stop

-

And we 'll blow you, blow you away

This is destruction to the society

Cause i don't like you and i know you hate me

CHORUS:

Working class sickos, psychobilly banditos,

Punkrockin' chickas let's pull the triggers
