We're rejected and underestimated
Yeah, we're the ones that read between the lines
We're the ones that never miss the chances
To stand our ground and cut your idols down

Well, we're rejected and underestimated
Yeah, we're the ones that read between the lines
We're the ones that never miss the chances
To stand our ground and cut your idols down
We're the ones that didn't really fit in
The ones who'll stomp your heroes to the ground
When we shouted you would never listen
But your bounds of greed hold me no longer down

[Chorus]

We've past the point of no return
The angels gonna sing when your thrown's gonna burn
Here at the point of no return
Woah oh, woah oh

Yeah, we're the ones disgusted by your bullshit
Yeah, we're the ones adding to your fears
We're not the ones dictated by false prophets
We'll burn the past and drain the lake of tears
We're the ones resist the consume installations
Fake worth nothing so you can have it all
When you're spoiling our fun, we'll be blackening your
sun
There ain't no fuckin' way to stop it now!

[Chorus]

I see a world full of idiots, takin' 2 steps forward and 5
steps back
I'm not just another dumb sheep
I wear my heart on my sleeve and paint your whole
world black

[Chorus]
