Wait a minute what's going on
I can feel the change in your attitude
Sure I like you don't get me wrong
But there are things you said that you want from me
I can't give you, oh no no

I like your smile and your company
And like the way we fool around
But now you're asking too much of me
I can't hang with you if all you want is to tie me down

* So don't you hate me
I hope you understand why I've got to do what I've got
to do
No don't you hate me
Baby I wouldn't lie if the time was right then it would be
you

Don't hate me no, oh no

Wait a second let's talk this out
What did we say from the very start
If you had listened to what I said
Then I wouldn't have to break your heart

[Repeat *]

Now sometimes I feel like you
But there's so much left to do
I could do what you want me to
And you might be happy
But I won't be happy

[Repeat * , *]

Don't hate me, if I'm not in love, I'm not in love
Don't hate me, if I'm not in love, I'm not in love

[Repeat * , * , *] ... till fade
