Good times
We're burning so strong and so bright
That other lovers pale
We know
The good times they come and they go
'Cause life's no fairytale

'Cause when you wake one morning
And your heart starts questioning
You gotta hold on and don't let go
'Cause when it all starts falling
Tell me, can you build it back up again?
Can you promise me, baby...

Chorus

When we don't talk anymore
When we don't dance in the dark
You gotta hold on and don't let me
Out of your arms
When we don't walk in the rain
When you don't call at my name
You gotta hold on and don't let me go
That's the way it is
That's the way it is

No lies, no secrets I hide from your eyes
That's the way it's meant to be
'Cause in time, in time we all lose this disguise
And beauty fades away

So if you wake one morning
And I'm not the way that I used to be
You gotta hold on and don't let go
'Cause when it all starts falling
Tell me, can you build it back up again?
Can you promise me, baby...

Chorus

And like a ship on the ocean

Without your light watching over me
I'm lost at sea
If I needed you, would you rescue me?

Chorus x2
