(spoken)

this next song goes out to all the kids for keeping it real
by turning their backs on hardcore bands who make
any money.

fuck that man.

hardcore isn't about money,
its a way of life.

sure i live with my mom right now,
but i'd live on the streets if i had to.

and i know in my heart,

that one day, i'm gonna graduate from college,
get a real job,

and forget all about hardcore.

but until then i'm gonna talk as much shit as i can.

diy!

(sung)

D.I.F.F.M.M. fuck you!

D.I.F.F.M.M. fuck you!

D.I.F.F.M.M. fuck you!

D.I.F.F.M.M.

fuck you!
