"Face To Face"

Visit "[Face To Face](#)" on MotoLyrics.com

You say you've been there
Think that you've seen it all
Keep frontin' like, like you know it all

You let ignorance set in
And control your life
Runnin' your mouth into extreme heights

You chose to dis me and the crew
You played yourself like a fool
Showing pride far beyond your might
Push came to shove, now it's time to fight

Tell me how you're livin'
Face to face
Tell me how you're livin'
Is it in disgrace?

You say you've been there
Think that you've seen it all
Keep frontin' like, like you know it all

You let ignorance set in
And control your life
Runnin' your mouth into extreme heights
