You better think quick, act fast
Before it's time you take another blast
You better think about where you stand
'Cuz it seems, you're on the wrong path

So look down, talk down
Now you walk down the same path, blown out
Foolin' yourself, you're not proud
So you lean on me to come down

You choose your own fate, but this ain't mine
You've fallen from grace
I won't let you fall this time

You choose you're own fate, but this ain't mine
You've fallen from grace
I won't let you fall this time

Out back to back days, sniffin' gak
Now you're really on the wrong track
Do you really want to come back?
Are you losing yourself and do you want that?

Used to look down, talk down
Now you walk down the same path, blown out
Foolin' yourself, you're not proud
So you lean on me to come down

You choose you're own fate, but this ain't mine
You've fallen from grace
I won't let you fall this time

You choose you're own fate, but this ain't mine
You've fallen from grace
I won't let you fall this time

I fall this time
Fall this time
I fall this time

So break it down one time
It's not a necessity

It's just a fantasy and it's too much for me
Too much of anything is not a good thing

Fallen and now I plead
Fallen and now I plead
Fallen and now I plead
Fallen and now I plead

Fallen and now I plead
Fallen and now I plead
Fallen and now I plead
