Look my way  
Don't hide your face in shame  
To me your all the same  
I don't need your respect

Our pride and shame, we've held strong through the  
years  
Come this far and I see it very clear  
You faked a smile to show me how much you care  
You hypocrites get no respect over here

I know your game B  
I keep going strong  
You can't fake me  
I keep movin' on

I see right through your games and all your phony ways  
In my world you have no say  
Go your way 'cause I know they'll be a day  
When you'll be forced to look my way

Our pride and shame, we've always kept it real  
No need to front or hide the way I feel  
You live a lie afraid to look me in the eye  
You have a lot to say so speak your mind

I know your game B  
I keep going strong  
You can't fake me  
I keep movin' on

I'm not to blame  
When all your shit blows up in your face  
I'm not to blame  
'Cause someone's bound to put you in your place  
I'm not to blame  
For all the times that you were afraid to just look my  
way

You hide your face in shame  
'Cause you have no integrity  
And to me your all the same

I don't need your respect

Our pride and shame, we've held strong through the  
years

We've come this far and I see it very clear

You faked a smile to show me how much you care

You hypocrites get no respect over here

I know your game B

I keep going strong

You can't fake me

I keep movin' on, you know
