[Incomprehensible]

Who's by my side? I'm by your side
My blood is my loyalty
And my brothers are loyal to me
(Who's by my side?)
This is what I believe

I never back stab another to save mine
I stand the time, for me it's do or die
Some rules I live by and I shed my blood for my

Brothers of the same mind of the same kind
Who never leave a side, see, we never think twice
And they shed their blood for me

Who's by my side? I'm by your side
My blood is my loyalty
And my brothers are loyal to me
(Who's by my side?)
This is what we believe

We stand for one another in hard times
In good times, no matter what we find
A way so we can get by and I shed my blood for my

Brothers of the same mind of the same kind
Who never leave a side, see we never think twice
And they shed their blood for me

[Incomprehensible]
[Incomprehensible]
Going worldwide, you know it's non stop
And I shed my blood for my bro
