"Set Me Free"

I'm no victim
I'm no pawn
I've been fighting you long enough
Well time's up
I'm disgusted
You've only brought misery into my life

You're infectious like a disease
You're venomous
Find my cure
Set me free

I don't trust you
All it takes
Is one last mistake to break us
I just want to get away
I see you everywhere I go
I'm stuck
It's death or lockup
If I let you beat me again

You're infectious like a disease
You're venomous
Find my cure
Set me free
Set me free
Set me free
Set me free

I am you
You are me
We are one
You can not set me free
I'll do as I please
Never question your protector
Your talk is cheap
To beat me
You must kill yourself
