Born into violence  
Didn't know any other way  
This life of crime he was destined for  
And this is his fate

From a broken home  
Getting beat was an everyday thing  
This is what's going down everywhere for him  
It's too late

Can't blame him  
Nothing he can do  
They made him take their abuse  
He's taking it out on you

It's my turn  
I'm taking it out on you  
The world is mine  
And no one can take it from me

That's his mentality  
That's why he got put away  
Did his share of time  
Now he's out and back to his old ways

Got wiser, became a leader  
And took control of the streets  
Turned his gang into an empire  
And now he can't get beat

Can't blame him  
Nothing he can do  
They made him take their abuse  
He's taking it out on you

It's my turn  
I'm taking it out on you  
The world is mine  
And no one can take it from me  
The world is mine

Can't blame him

Nothing he can do  
They made him take their abuse  
He's taking it out on you

It's my turn  
I'm taking it out on you  
The world is mine  
And no one can take it from me  
The world is mine  
Can't take it from me
