Even when I  
Walk away from all of this  
I won't forget your faces  
The places that I've been

For so many years, so many friends  
Times that we cherish now and then  
We can't replace them  
But we can look ahead

I give all my respect to you, my friends  
After all I've seen, and all we've been through  
This is a worldwide thing  
All across the world I say to you, my friends  
Thanks for all the love, for always staying true  
Now it's a worldwide thing

Don't confuse my words  
I'm not finished yet  
There's more to see, more to express  
More to conquer, nevertheless still

I'm humbled by it all  
Will we rise or fall?  
I won't stand complacent  
We will make our statement

From New York to the west coast, all across the lands  
Overseas in Europe, and Japan  
Australia to New Zealand  
To South America, well, here we go again

I give all my respect to you, my friends  
After all I've seen, and all we've been through  
This is a worldwide thing  
All across the world I say to you, my friends  
Thanks for all the love, for always staying true  
Now it's a worldwide thing

Now it's a worldwide thing  
This is a worldwide thing  
Is everybody with me?

It's a worldwide thing  
Is everybody with me?  
Now it's a worldwide thing
