Extremities excite pulses and in turn different entities  
Won't break bread or split the peas  
But in the soup the mixture of several racial groups  
Minority troops flavors the broth of wall street suits  
Armani or maybe versace  
Monetary gain can't stop the white house frolics  
Judicial alcoholics  
Cover up versions of death in the persian  
Now a right angle equals eighty degrees  
The haitians brought the aids disease -- negative  
The scapegoat becomes a raging rhinoceros  
Bush is steady watching us  
How can we kill their asiatic crew  
Ahh develop a harsh addictive brew  
Flood their beighborhood and let their leaders debate  
it  
Part one of the hatred

The sequel the birth of many uncle tom's  
I myself I can't stay calm  
I shake in bensonhurst rest in bedford-stuy  
School in sheepshead bay, move to strong li  
But my self inner-self breaks north  
And like moses I'm judged by the cloth  
Of my heritage who will bring forth the people  
In all people there lies that certain evil  
The enemy within spreads to the next of kin  
A baby's no longer cute, here comes david duke  
Bring a halt and with a wound sprinkle salt  
To the black -- lock them in a st. ide's vault  
Burp up the progress, the agony, the pain  
Put down the brew have a brain  
The freedom ice is thin and we're the first ones to  
shake  
Then comes the real hate

Why should you hate me? what have I done?  
We all have eight fingers and two thumbs  
To feel the oppression so every studio session  
I try to kick a positive lesson  
U.s. coverups are neat like tony randall  
Brotherly love is melting like a candle

Humanity without human beings  
They even said chubb was against koreans  
I just wanted to state the facts  
It seems that no one is against blacks  
Uhh, what should we do? should we run?  
Uhh, if we run we'll succumb  
They're mad so don't you know they're scared of the  
dark so  
And the dark so rule the bank so  
So you know that they're mad so  
This style developed by shabba ranks so  
And with that I wanna give thanks so  
To the temperment of the strength of miss parks  
But even now in the nineties we will spark and respark  
The hatred
