Do you know what it's like to grow up having nothing?  
I'd be surprised if today  
Do you know what it's like to not be free to speak your  
mind?  
Well, I grow up and I'm blessed like that

No, we don't care about democracy  
No no no no, 'cuz we know it's just hypocrisy  
No, we don't care about your government  
No no no no, we don't care about your president  
And I'm glad when I'm free to say it

When I was young I was lied right to my face  
They turned a life of blood and fame  
Well now I'm old, and I know the truth about this life  
There ain't nothing when you're gone

No, we don't care for religions, no  
No, 'cuz they have all made us real low  
No, we don't care about your crucifix  
No no no no, we don't care about your holy fucking  
saints  
And I'm glad when I'm free to say it

Glad when I'm free to say it  
Glad when I'm free to say it  
Glad when I'm free to say it  
And we'll say it again and we'll say it again

No, we don't care about your government  
No no no no, we don't care about your president  
No no no no, we don't care about your crucifix  
No no no no, we don't care about your holy fucking  
saints  
And I'm glad when I'm free to say it  
Glad we're free to say it
