

Madcap "Downtown"

I go down to the city
even when the rain falls down [x4]

I don't care if it's a
boy or girl you're after
I don't care if it's a
reconable deal
I don't care if it's a
nuclear reaction
I don't care if it's all
above the new

I go down to the city
even when the rain falls down [x4]

You take or make a fence
Shuv it up your ass
You can take that dream
of all my commit
'cause I know a place
that's real

maybe not the people
but the way I feel

Downtown! Here we go!
Downtown! Here we go!
I go to the city
Nothing else to do
Forget about my worries
Maybe you should too
Downtown! Here we go!
Downtown! Here we go!

I go down to the city
even when the rain falls down [x4]
