I remember how it all began
I used to sing dirty raps to my east side fans
Back then I knew ya couldnt stop this rap
No m.c. could rock like that
Then the new style came, the bass got deeper
Ya gave up the mike and bought you a beeper
Do ya wanna rap or sell coke?
Brothers like you aint never been broke
People wanna say it's just my time
Brothers like me had to work for mine
Eight years on the mike and I'm not jokin
Sir too short comin straight from oakland
California, home of the rock
Eight woofers in the trunk, beatin down the block
Short dog, I'm that rappin man
I said it before and I ll say it again

Life is too short
Too short
Life is too short

Life is to some people unbearable
Committin suicide and that's terrible
Was it much too much or nothing big?
If ya live my life, you'd be fightin to live
Life is to me my main asset
I be doin all right and keep it just like that
Chill out at the house and pump that bass
I'm tryin to get rich as I rock the place
Everybodys got that same old dream
To have big money and fancy things
Drive a brand new benz, keep your banck right here
Never hear me stutter once because I talk real clear
It's on you, homeboy, watcha gonna do?
You can take my advice and start workin, fool
Or you can close your ears and run your mouth
And one day, homeboy, ya soon find out

Life is too short
Too short
Life is too short

Life is too short, would you agree?
While I'm livin my life, don't mess with me
It's been a long time, baby, since I first got down
But I still keep makin these funky sounds
Cause I don't stop rappin, that's my theme
I make a lot of money, do you know what I mean?
Like this, complicated ya must stay up
Ya asked a simple question boy, don't say what?
Ya only live once and ya callin it hell
Policeman tryin to take ya to jail
You could give a man time but you don't know
I a matter of time, I'll be runnin the show
Now another young buck wants to be on top
Makin big money, slangin hop
The task force tryin ta peel your cap
Turn around, homeboy, ya better watch your back

Life is too short
Too short
Life is too short

You can take back all the things you give
But ya can't take back the days you live
Life is to some peole whove been on earth
Livin every single day for what it's worth
I live my life just how I please
Satisfy one person I know, that's me
Work hard for the things I achieve in life
And never rap fake when I'm on the mike
Cause if a dream is all you got, homeboy
Ya gotta turn that dream into the real mccooy
Not time to waste, just get on that case
Ya can't be down cause ya need to taste
A good life livin like a king on a throne
Gettin everything ya want and tryin to have all your own
So life
Don't be stupid though
Cause when ya waste it, you'll know

Life is
Life is
All right, that's it
