It's been a while
Since I've felt this way
Since I've had no idea
What to say
It's been quite a long time
Since my eyes have dried
Since I've waited for
Something right

Why's it so hard when the world falls apart
Why did I fall so far

It's the past that hurts the most
One year on and you're still her honey be like a ghost
I'm trying to say no
I'm trying to let go
But we know when I get home
You'll be the one I see
You'll be the one I need
It's the past that hurts me

It's been a while
Since you came into my life
Since we started out
On our ride
Why can't I see
What you do to me
And how you make
Me feel

It's the past that hurts the most
One year on and you're still her honey be like a ghost
I'm trying to say no
I'm trying to let go
But we know when I get home
You'll be the one I see
You'll be the one I need
It's the past that hurts me

You know how to destroy me
You know how to make me smile

It's the past that hurts the most
One year on and you're still her honey be like a ghost
I'm trying to say no
I'm trying to let go
But we know when I get home
You'll be the one I see
You'll be the one I need
It's the past that hurts me
