

Made Out Of Babies "Gunt"

Visit "[Gunt](#)" on MotoLyrics.com

Oh Man you've got a fuckin nail in your brain Turn it left
until the fleas can come out Thimble thumbnail
Showered Cuts And rip the power out And bring it all on
over Throw it at your neighbor Tread that shallow
shallow water The whole town is coming over Scram
Sad I'm so sad little brother The whole bin is in It's over
Left your home at thirty fourteen Make the best of petty
theft schemes Scram It's the biggest darkest black
beast Made of glass and full of thunder I can be the
thing you want a Big indifference reminder Pick it out
and Run for cover This whole place is going under
Scram You've got to fake it Make the best of petty theft
schemes
