

Made Out Of Babies "Mandatory Bedrest"

Visit "[Mandatory Bedrest](#)" on MotoLyrics.com

After all the dreams started words just showed up on
the page each day looking for some company a single
point on which to rest their heads paralyzed and
squeaky clean dull and flat a bit of shade to slim there
was no sign the change was fixed tumbling down in
sympathy outsiders run against the grain in streams
after all the dreams started words just showed up on
the page each day speak ing volumes out of turn
upside down sinking into shade paralyzed and
squeaky clean dull and flat a bit of shade to slim
looking for some company a single point on which to
rest their heads dark and flat against the page wading
deep in muddy shade and the quiet of the change
when all the dreams started
