C'mon let's go down to the lake tonight
There's gonna be a bloody fight
It gives me a rush I can never get
From breaking shit - who can forget about
Those stupid kids who dress all weird
You know the ones - those fucking queers
By the end of the night they'll get the betz
'Cause I'm so macho and they're so weak
Chorus
I'm gonna beat your face in w. my big wooden
Spikey bat - if you cry I'll do it harder
Just remember I've got a gat under my shirt
I'm good to flirt always looking always alert
The ladies love me I'm so fly
But in the end I get denied
I'm so big and tough and cool
How come I only fight @ school
I get respect from my friends that I deserve
School spirit is so great
I love the pride and learn to hate
It's another life's lesson that school will say
To conform to the system in every way
Chorus
You're so dead tonight
Chorus
