You

Donâ€™t love me no more

Donâ€™t call me no more; you donâ€™t knock on my door

Whatâ€™s made you change?

My love for you will last

Until my life is passed

But you, you donâ€™t love me no more

What am I supposed to do?

(Heâ€™s gone away)

What am I supposed to say?

[?] call my friends

They said he was no good

(Yeah, heâ€™s no good)

I can hear them now

(I told you so, I told you so...)

Tears are filling my eyes

I tried not to cry, but you said goodbye

Goodbye to my arms

I donâ€™t know where I went wrong, seems like my futureâ€™s gone

But you, you donâ€™t love me no more

You donâ€™t kiss me no more

(heâ€™s gone away)

You donâ€™t hold me no more

(heâ€™s gone away)

You donâ€™t love me no more
