Time is slowly moving on, without me
Iâ'm not even there to say goodbye, when youâ're
leaving
But it's alright please donâ't cry Iâ'll see you soon
Iâ'll be there when the plane comes in
Oh... oh... oh...
Iâ'm so glad to see you, feels like it's been forever
I miss you like crazy everyday
Yes it's true... yes itâ's true

Chorus

I donâ't want you to go away, again
If you stay youâ'll make my day, oh yeah
Say youâ'll stay with me tonight...
Say youâ'll sit with me through hard times...
Say youâ'll hold my hand and love me, forever...
Oh, oh, oh... oh, oh, oh...
When times get tough we need each other, by our
sides
So why arenâ't you here next to me?
When ever I need you, you are gone
Off like bird flying in the sky

Chorus

Forever, forever, forever...
