Long drive, bitter day, grey skies cover Michigan.
In no time I'll give her away and after that I'll never see
her again.

You know that we had everything.
So, why are you happening to me?

Star-Crossed lovers torn apart,
We crossed 5 oceans but I'm back where I started...

But hey, now that it's over I'm moving on.
I'm not getting under your landslide.
Now that it's over I'll walk away, I'm moving on.

Hey, now that it's over I'm moving on.
I've got a life of mine to live.
Now that it's over I'll walk away, I'm moving on.

Driving home, this time alone.
No idea where my life will go and now her head's on
another chest,
As she forgets everything we had.
You know that we had everything.

Star-crossed lovers torn apart,
We crossed 5 oceans but I'm back where I started.

But hey, now that it's over I'm moving on.
I'm not getting under your landslide.
Now that it's over I'll walk away, I'm moving on.

Hey, now that it's over I'm moving on.
I've got a life of mine to live.
Now that it's over I'll walk away, I'm moving on.

How'd you go turn it off when the night before was the
best that it ever got.
Where'd you go Zombie Girl?
Who put all the poison in to your world.
It's not the sex, it's not the laughs,
It's how it felt just to hold your hand.
It's not the lonely, not the sadness.
It's Star-Crossed lovers broken hearted.

But hey, now that it's over I'm moving on.
I'm not getting under your landslide.
Now that it's over I'll walk away, I'm moving on.

Hey, now that it's over I'm moving on.
I've got a life of mine to live.
Now that it's over I'll walk away, I'm moving on.
