Kick open the bedroom door
The walking has turned to a crawl
And I just lied to everyone
I stumble into the bed
And there's where I start to beg
For peace of mind
Where I deny
Just like the night before
Just like the night before that one

And I don't know
If I'll see tomorrow's sun

I feel the angels coming for me
But I'm not ready to leave
I've got a promise to keep (Woah)
I feel forever slipping away
You know I'll fight this disease
I'll fight it every day for you

Don't wanna be sick no more
But I'm just too insecure
To ask for help, from any friends
I can't turn to family
Cuz they're so proud of me
And there is no worse feeling
But I can do this by myself

I feel the angels coming for me
But I'm not ready to leave
I've got a promise to keep (Woah)
I feel forever slipping away
You know I'll fight this disease
I'll fight it every day for you

I've always thought I could do anything
That I don't need anyone
But I'm all alone
And I need help
My life is slipping in
I just don't wanna die

I feel the angels coming for me
But I'm not ready to leave
I've got a promise to keep (Woah)
I feel forever slipping away
You know I'll fight this disease
I'll fight it every day for you

I'll fight it every day for you
I'll fight it every day for you
