Phone calling in and out, God damn reception again.
I missed 2 calls and when we talk, you ask me why
you're in an ambulance.
I dropped my phone as I went numb until I saw your
face.
You smiled at me and said; "I've never felt this kind of
pain, help me..."

I promise we've got this.
Don't let em win.
'Cuz forever, forever is not supposed to end.

Late on the street, you heard the screams and you saw
her getting beat.
No shock to me, you jump between, now we're racing to
surgery.
They wouldn't let me come with.
The last thing I heard em say; "I think we're losing
him."

I promise we got this.
Don't let 'em win.
'Cuz forever, forever is not supposed to end.
Like you said to me once; "There's no me without us."

Where did you go when you didn't remember me?
It was but I knew you'd never leave.
I tried to be as strong as you've always been but for the
very first time,
I was prepared to take my own life.

I promise we got this.
Don't let 'em win.
'Cuz forever, forever is not supposed to end.
Like you said to me once; "There's no me without us."
