Don't call me baby, don't call me baby

You and me, we have an opportunity  
And we can make it something really cool  
But you, you think I'm not that kind of girl  
I'm here to tell you baby, I know how to rock your world

Don't think that I'm not strong, I'm the one to take you  
on  
Don't underestimate me boy, I'll make you sorry you  
were born  
You don't know me the way you really should  
You sure misunderstood

Don't call me baby, you got some nerve and baby that'll  
never do  
You know I don't belong to you  
It's time you knew I'm not your baby  
I belong to me, don't call me baby

Behind my smile is my IQ  
I must admit, this does not sit, with the likes of you  
You're really sweet, you're really nice  
But didn't mama ever tell you not to play with fire?

Don't think that I'm not strong, I'm the one to take you  
on  
Don't underestimate me boy, I'll make you sorry you  
were born  
You don't know me the way you really should  
You sure misunderstood

Don't call me baby  
You got some nerve and baby that'll never do  
You know I don't belong to you  
It's time you knew I'm not your baby  
I belong to me, so don't call me baby

You got some nerve and baby that'll never do  
You know I don't belong to you  
It's time you knew I'm not your baby  
I belong to me, so don't call me baby

Don't call me baby, don't call me baby

Don't call me baby, don't call me baby

Don't call me baby, don't call me baby
