Next Time

Verse 1

We talked for the first time in a while today
I realized the magic had faded
There was a silence and it was clear
I was no longer welcome here
Since I left you found someone new
You thought that I was bad for you

Chorus

You said that I would break your heart
But you ended up breaking mine
My whole world fell apart
One little piece at a time
What can I say Jake
I was wrong and you were right
Cuz I'm gonna break your heart next time

Verse 2

I can't wait to see the day
When you come beggin at my door
And I can't wait to say
I don't love you anymore
Then you'll know how I feel
And admit that pain is real

Repeat Chorus

Bridge

Don't you know that I don't play around?
I wish you knew how I feel now
My heart's been ripped up times before
Now you want to damage it more
Yeah you did it and that's fine
Because next time it won't be mine

Chorus

You said that I would break your heart
You ended up breaking mine
My whole world fell apart
And that suits me just fine

But now I am fully okay
It won't be that way next time
Oh cuz you'll never be mine
I'll turn you down next time

Cuz there won't be a next time
