(Thompson/Barson)

Could it be someone's telling lies  
Or could it be that I'm getting wise  
Awoke myself from a nose-dive glide  
I caught myself but you've lost all pride  
I'm not going with you  
Won't you come on with me ?  
See your world in a drift fly past  
So good the feeling you want to last  
I'm not going with you  
Would you come on with me ?  
I'm not here to watch day and night  
Or to hear you drift out of life  
If I could wake you  
A moment I would  
Share you my lifeline  
Feed you some good  
If I could wake you  
A moment I would  
Share you my lifeline

Feed you some (good)  
I'm worried for you  
But you not for me  
When everyone's living  
I know where you'll be  
If I should listen to your proposal  
Put my future at your disposal  
Promise me you'll keep yourself clean  
Cut yourself from your mid-day dream.  
If I could wake you  
A moment I would  
Share you my lifeline  
Feed you some good  
If I could wake you  
A moment I would  
Share you my lifeline and  
Feed you some good
