Inanity Over Christmas

Hello, everyone out there. This is Carl and the rest of  
Madness

We'd just like to bring you a bit of Christmas cheer  
Please remember to keep a smile on your face till the  
New Year

Hello, this is Woody. And we've got a little song for you.  
Merry Christmas  
1, 2, 3, 4

Hiya, Merry Christmas everyone, Mark here. I'm going  
to play a bit of bass for you now

Hello, this is Chris, Happy Christmas

Hi, Lee Kix here, filling your stocking  
I play sax  
But also, I sing at the same time  
Baffling, eh?

Well, it's jingling bells, it's Christmas time  
Santa fetches his sack  
Snowdrop glitter falls from the skies  
To settle upon each and everyone's back

Chimney sweeps take to the streets  
In the ongoing situation  
Pages freeze upon your pension book  
And up flies the flag of inflation

And all this time I'll be waiting up by the chimney stack  
On this coldest year since brrrr, up above upon a  
reindeer's back

Stop off at the Rock of Gibraltar  
Tea under the {indecipherable} of Malta  
Wrap up warmer in Warsaw  
Cruise over the flats of Alaska

And all this time I'll be waiting up by the chimney stack

On this coldest year since brrrr, up above upon a  
reindeer's back

I hope you've enjoyed this song so far. This is Suggs,  
and now I am going to take it away  
OK, lads, let's close it together

And all this time I'll be waiting up by the chimney stack  
On this coldest year since brrrr, up above upon a  
reindeer's back

OK, quiet everybody. This should go on here  
Er, help me with those baggy {indecipherable}, there

Oooh  
Oooh

"You'll never take me alive, copper"  
"Look, reindeer, don't be silly, just come on down"  
"I'm going to get that conny to ma"  
"Don't waste anymore, sit down this is holding the pace  
up"  
"Shove it, copper, I stick a grapefruit in your face"  
"You what? You're out of a bloody job now come on  
down again"  
"Nothing's going to stop us singing, copper, even if I  
have got to come down and tell you myself, and stick it  
in your face"  
"I'm going to send in the troops if you don't come  
down"  
"We're going to keep singing in every home in the  
nation"  
"Do whatever you want to do. What? That's it!  
"You stupid flatfoot, you'll never take me alive. I'm on  
top of the world, boy"

Up above the chimney stack, by the chimney

{indecipherable}, Chris, quieten down over there, will  
you, I'm trying to get a message across, you know  
I'm going to change the world overnight, yeah

Thank you

Thank you
