Reaching up to press my best friend's bell
On my tiptoes
Whatever made me climb this side of hell
Oh, God only knows

Lifting up another catch and slipping through the blind
It's... it's so easy
Lighting up another match to see what I can find
It's... become so easy

But after a while
You can hear yourself breathe
What seems a long long while
You can feel yourself sealed

One's second thoughtlessness
Nobody's home
One's second thoughtlessness
One's second thoughtlessness
Here up on my own
One's second thoughtlessness

Sniffing around

Hope to get out
Smelling a scent
That something is up
I've seen this song before
Is this the house my family lives - yes
Ah, I've been here before

Yes, I did it because, because
Yes, I did it because
Yes, I did it because, because
Yes, yes, I did it because, because
No - because

One's second thoughtlessness
I am my own
One's second thoughtlessness
One's second thoughtlessness
I stand alone

One's second thoughtlessness
