Welcome home

Seems as if it were yesterday since you were gone  
Now sit yourself and let me witness what's become  
Of the smiles that you brought, and placed upon  
But there was nothing that I could or would have done  
Oh, the look in your eyes as they dragged you from  
The clutches of my breaking heart

All hopes torn and court orders drawn

Time has stood still until now  
Although it was unfair  
You're back in my arms again, now  
Although the memory's bare  
We can rebuild all our hopes again

Please understand  
That you were like an angel glowing in my hands  
But circumstances change as do their demands  
And I fought the law for ward of court, but in the end  
Oh there was only ugly scenes and reprimands  
And the look in your eyes as they dragged you from  
The clutches of my breaking heart, now

Although it was unfair  
You're back in my arms again, now  
Although the memory's bare  
We can rebuild all our hopes again  
The clutches of my breaking heart and happy home

Time has stood still until now  
Oh yes it was unfair  
But now  
You're back in my arms again  
Now (Although it's unfair)  
Although it was unfair  
You're back in my arms again, now  
Although the memory's bare  
We can rebuild all our hopes again, now

Although it was unfair  
You're back in my arms again, now
