Can't stop

Can't stop thinking about you babe, can't stop  
Can't stop screaming and shouting your name, can't  
stop  
Look out boy 'cause I'm going to the top  
Of your list, can't stop

I've tried and tried to get next to you  
My friends say I am blind I'll never break through  
But I don't give in so easily  
This I know, you just wait and see

I know that you're afraid that I might  
Come steal your heart away in the night  
But I can't take away what's not mine  
You'll see, you'll come to me in time, can't stop

I've never gone the distance before  
To find if love was worth giving more  
I was born to love you I've got nothing to hide  
I know about your secret side

So shut me out, I'll never let go  
'Cause I can work a spell on your soul  
I play the fool but it won't last for long  
Oh no, 'cause baby I'm too strong, can't stop

Don't be afraid to try  
Just let me love you for a while  
You'll see, what it's all about  
Oh baby I can't clear you out

(Can't stop, can't stop, can't stop)

So shut me out, I'll never let go  
'Cause I can work a spell on your soul  
I play the fool but it won't last for long  
Oh no, 'cause baby I'm too strong, can't stop

Just can't help myself

You know I've got to have you and no one else (can't  
stop)
