As quiet as it is tonight  
You'll almost think you were safe  
Your eyes, are full of surprises  
They cannot predict my fate  
Waiting underneath the stars  
There something you should know  
The angels they surround my heart  
Telling me to let you go

I bet he couldn't  
I bet he couldn't recognize  
But I fed right into it  
Who am I to criticize  
Somehow I'll get through it  
And you won't even realize  
Falling through your own disguise

It's like over and over  
You're pushing me right down to the floor  
I should just walk away  
Over and over  
I keep on coming back for more  
I play into your fantasy  
Now that it's over  
You can lie to me right through your smile  
I see behind your eyes  
Now I'm sober  
The more intoxicating my mind  
Even the devil wouldn't recognize you

But I do  
Even the devil wouldn't recognize you  
But I do  
Even the devil wouldn't recognize you  
But I do  
Even the devil wouldn't recognize you  
But I do, I do, I do

You almost fooled yourself this time  
Let all the saints be graced  
You hide your sadness behind your smile  
And you keep your lost heartbreak

You stepped up there along a ledge  
It's much higher than it seems  
But I've been on that ledge before  
You can't hide yourself from me

I bet he couldn't  
I bet he couldn't recognize  
But I fed right into it  
Who am I to criticize  
Somehow I'll get through it  
And you won't even realize  
Falling through your own disguise

It's like over and over  
You're pushing me right down to the floor  
I should just walk away  
Over and over  
I keep on coming back for more  
I play into your fantasy  
Now that it's over  
You can lie to me right through your smile  
I see behind your eyes  
Now I'm sober  
The more intoxicating my mind  
Even the devil wouldn't recognize you

But I do  
Even the devil wouldn't recognize you  
But I do  
Even the devil wouldn't recognize you  
But I do  
Even the devil wouldn't recognize you  
But I do, I do, I do

Oh oh oh oh oh  
Oh oh oh oh oh  
Oh oh oh oh oh  
Oh oh oh oh oh

It's like over and over  
You're pushing me right down to the floor  
I should just walk away  
Over and over  
I keep on coming back for more  
I play into your fantasy  
Now that it's over  
You can lie to me right through your smile  
I see behind your eyes  
Now I'm sober  
The more intoxicating my mind  
Even the devil wouldn't recognize you

You, you, you  
Devil wouldn't recognize you  
You, you, you  
Devil wouldn't recognize you  
You, you, you  
Even the devil wouldn't recognize you

But I do  
I do, I do

You, you, you  
Devil wouldn't recognize you  
But I do

Even the devil wouldn't recognize you  
I do
