"Dirty Liar"

Visit "[Dirty Liar](#)" on MotoLyrics.com

Ho, yeah

I hurt myself when I fell
I didn't even mean it but I found it on your cell
A message, a stupid little message
Who knew that it would change my life, yeah yeah

You came in and I just knew
How could you even dream after all that we've been
through
You liar, playing with the fire
Tell me was she good for you, ho oh

You're crying on the floor, I'm stepping out the door
Ain't been through this before, and I don't want it
anymore
My life has been pre-arranged
Now I see you're never gonna change, never change

When I met you, I paid no mind to your reputation (oh
yeah)
I should have figured, in no time that, you'd be gaming
(oh oh)
But I was faithful, I was trusting, very patient
Dirty liar, you mess around and now you're paying

It's been twelve months since you've been gone
It's taken me this long just to learn to love someone
He's different and I can't explain it
He's perfect but I'm tripping out, woah woah

I check his phone, but I creep around
I'm hanging in the club and could care less if he's
around
You broke me, and now my backs are shady
Tell me why am I so cold? Woah woah woah

The one that I adore, is begging me for more
I'm scared to give my heart cuz you tore it all apart
My life has pre-arranged
Now I see that I've been changed, I've been changed

When I met you, I paid no mind to your reputation (oh
yeah)
I should have figured, in no time that, you'd be gaming
(oh oh)
But I was faithful, I was trusting, very patient
Dirty liar, you mess around and now you're paying

To you, our love was fun and games
I know cuz, ooh, you played me out
You didn't care about feelings, and I'm still healing
In the shadow of our doubt

When I met you, I paid no mind to your reputation (I
paid no mind)
I should have figured, in no time that, you'd be gaming
(no no no)
But I was faithful, I was trusting, very patient (I was
trusting)
Dirty liar, you mess around and now I'm paying (oh,
yeah yeah yeah)

When I met you, I paid no mind to your reputation (dirty
liar)
I should have figured, in no time that, you'd be gaming
But I was faithful, I was trusting, very patient
Dirty liar, you mess around and now you're paying

Uh uh
Ooooh, now I'm paying
