Hey, you, don't you give up  
It's not so bad  
There's still a chance for us

Hey, you, just be yourself  
Don't be so shy  
There's reasons why it's hard

Keep it together, you'll make it all right  
Our celebration is going on tonight  
Poets and prophets, what ending would we do?  
This could be good, hey, you

Hey, you, open your heart  
It's not so strange  
You've got to change this time

Hey, you, remember this  
None of it's real including the way you feel

Keep it together, you'll make it all right  
Our celebration is going on tonight  
Poets and prophets, what ending would we do?  
This could be good, hey, you

Save your soul, little sister  
Save your soul, little brother

Hey, you, save yourself  
Don't rely on anyone else

First love yourself  
Then you can love someone else  
Then you can change someone else  
Then you have saved someone else

But you must first love yourself  
Then you can love someone else  
Then you can change someone else  
If you can change someone else  
Then you have saved someone else  
But you must first

Hey, you, there on the fence  
You've got a choice  
One day it will make sense

Hey, you, first love yourself  
And if you can't  
Try to love someone else

Keep it together, you'll make it alright  
Our celebration is going on tonight  
Poets and prophets, what ending would we do?  
This could be good, hey you

First love yourself  
Then you can love someone else  
Then you can change someone else  
Then you have saved someone else

But you must first love yourself  
Then you can love someone else  
Then you can change someone else  
If you can change someone else  
Then you have saved someone else  
But you must first
