You abandoned me,
Love don't live here any more
Just a vacancy
Love dont live here anymore

When you lived inside of me
There was nothing I could concede
That you wouldn't do for me
Troubles seemed so far away
Baby

Love don't live here anymore
Just an emptiness and memories
Of what we had before
You went away
Found another place to stay
Another home

In the windmills of my eyes
Everyone can see the loneliness inside me
Why'd ya have to go away
Don't you know I miss you so and need your love
