I fucked up
I made a mistake
Nobody does it better than myself

I'm sorry
I'm not afraid to say
I wish I could take you back, but I can't

I'm so ashamed
You're in so much pain
I blamed you when things didn't go my way
If I didn't, you'd be here
If I didn't fight back I'd have no fear
If I took another path
Things would be so different, but they're not

I could have just kept
My big mouth closed
I could have just done
What I was told
Maybe I should've turned silver into gold
But in front of you I was cold

I fucked up
I made a mistake
Nobody does it better than myself

I'm sorry
I'm not afraid to say
I wish I could take you back, but I can't

I thought we had it all
You brought out the best in me
But somehow I destroyed the perfect dream
I thought we were indestructible
I never imagine we could fall
You wanna know how to make God laugh
Tell him your plans...

We could've bought a house with a swimming pool,
Filled up with walls, It would be so cool,
Could've gone riding stallions in the country sides,
With a back of great Danes racing, eye to eye

We could've toured the world in a private jet
Run naked on the beach, all soaking wet

We could've climbed a mountain, seen a perfect sun set,
Writing out names across the sky
We could've gotten drunk and ridden the yoko run
We could've got ourselves arrested and sober up
We coulda live like crazy til the days we die
Instead I made you cry..

I fucked up
I made a mistake
Nobody does it better than myself

I'm sorry
Je suis désolé
I wish I could take you back, but I can't

I fucked up
I made a mistake
Nobody does it better than myself

I'm sorry
I'm not ashamed to say
I wish I could have you back maybe one day
Or not.
