Won't you come inside  
And lay down next to my fire?  
Can you feel my heartbeat?  
Let me show you my desire

First you have to tell me please, uh, huh  
Gonna bring you to your knees, uh, huh  
Gonna make you scream for more  
Come inside and lock the door  
And let down, let down, let down your guard

Ah, ah, ow, come inside  
Ah, ah, ow, baby, it's all right  
(It's all right)

Ah, ah, ow, come inside  
Ah, ah, ow, baby, it's all right  
(It's all right)

This is not a one night stand  
I care for you, please understand  
Baby, won't you come inside?  
I'll take you for a little ride

I wanna touch you there, uh, huh  
Run my fingers through your hair, uh, huh  
Gonna take you for a ride  
But you have to come inside  
And let down, let down, let down your guard

Ah, ah, ow, ah, ah, ow  
(It's all right)  
Ah, ah, ow, ah, ah, ow  
(It's all right, it's all right, it's all right)

Won't you come inside  
And lay down next to my fire?  
Can you feel my heartbeat?  
Let me show you my desire

First you have to tell me please, uh, huh  
Gonna bring you to your knees, uh, huh

Gonna make you scream for more  
Come inside and lock the door  
And let down, let down, let down your guard

Ah, ah, ow, come inside  
Ah, ah, ow, baby, it's all right  
(It's all right)

Ah, ah, ow, come inside  
Ah, ah, ow, baby, it's all right  
(It's all right)

Ah, ah, ow, 'cause I wanna touch you there  
Ah, ah, ow, run my fingers through your hair  
Ah, ah, ow, gonna take you for a ride  
But you have to come inside  
And let down, let down your guard

Ah,  
(It's all right)  
Ah, ow, first you have to tell me please, uh, huh  
Gonna bring you to your knees  
(It's all right)  
Uh, huh

Gonna make you scream for more  
Come inside and lock the door  
And let down  
Let down your guard  
(It's all right)

Ah, ah, ow, come inside  
Ah, ah, ow, baby, it's all right  
(It's all right)

Ah, ah, ow, come inside  
Ah, ah, ow, baby, it's all right  
(It's all right)

Ah, ah, ow, come inside  
Ah, ah, ow, baby, it's all right  
(It's all right)

Ah, ah, ow, come inside  
Ah, ah, ow, baby, it's all right  
(It's all right)
