Hurry up, I just can't wait  
I gotta do it now, I can't be late  
I know I'm not afraid, I gotta get out the door  
If I don't do it now, won't get anymore

You try to criticize my drive  
If I lose, I don't feel paralyzed  
It's not the game, it's how you play  
And if I fall, I get up again now

I get up again, over and over  
I get up again, over and over  
I get up again, over and over  
I get up again, over and over

Got past my first mistake  
I'll only give as much as I can take  
You're never gonna see me standing still  
I'm never gonna stop 'til I get my fill

It doesn't matter who you are  
It's what you do that takes you far  
And if at first you don't succeed  
Here's some advice that you should heed

You get up again, over and over  
You get up again, over and over  
You get up again, over and over  
You get up again, over and over

I'm not afraid to say I hear a different beat  
And I'll go out in the street, yeah  
And I will shout it again  
From the highest mountain

Hurry up, hurry up  
Hurry up, hurry up

Hurry up, I just can't wait  
I gotta do it now, I can't be late  
I know I'm not afraid, I gotta get out the door  
If I don't do it now, I won't get anymore

You try to criticize my drive  
If I lose, I don't feel paralyzed  
It's not the game, it's how you play  
And if I fall, I get up again now

I get up again, over and over  
I get up again, over and over  
I get up again, over and over  
I get up again, over and over

I'm not afraid to say I hear a different beat  
And I'll go out in the street, yeah  
And I will shout it again  
From the highest mountain

Shout it, shout it  
Shout it, shout it  
Over and over, over and over  
Over and over, over and over

I get up again, over and over  
I get up again, over and over  
I get up again, over and over  
I get up again, over and over

Hurry up, hurry up  
Hurry up, hurry up  
Hurry up, hurry up  
Hurry up, hurry up

I get up again, over and over  
I get up again, over and over  
I get up again, over and over  
I get up again, over and over

Over and over, over and over  
Over and over, over and over  
Over and over, over and over
