Some girls can do anything? Whole world hanging on a string?
She is flawless a virgin saint
(Like a virgin...)

Some girls got an attitude
Fake tits and a nasty mood
Hot shit when she's in the loop

Some girls gotta fake it through
One drink and it's all a blur
Cash now if you wanna flirt
(Takes your credit but it's gonna hurt)

Some girls goin' off the deep end
Some girls livin' for the weekend
Some girls like to get their freak on
(Gettin' freaky, gettin' freaky)

Some girls make a scene
Shoot their mouth and talk obscene
Cryin' in a limousine
(Cryin' in a limousine)
Some girls make you feel like a rocket hard as steel
Some girls only ever like to tease
(Some girls only like to tease)

Some girls are not like me
I'm everything you ever dreamed of
I've got you beggin' baby please
I've got you beggin' baby please

Some girls wanna call the shots? Some girls wanna be on top?
Gotta work till you reach the spot?
Some girls got a filthy mouth
All talk and it never stops
Just take it it's not enough?
Some girls make a scene
Shoot their mouth and talk obscene
Cryin' in a limousine
(Cryin' in a limousine)
Some girls make you feel like a rocket hard as steel
Some girls only ever like to tease

(Some girls only like to tease)

Some girls are not like me
I'm everything you ever dreamed of
I've got you beggin' baby please
I've got you beggin' baby please

Praise me
Praise me
Praise me

Wrap your arms around my neck and start this deal
sometime today
If you wanna play this game with me
I am not like all the rest
Some girls are second best
Put your lovin' to the test you'll see

Some girls are not like me
I'll never wanna be like some girls? Some girls are just
for free
I never wanna be like some girls

Some girls are not like me
I'm everything you ever dreamed of
I've got you beggin' baby please
I've got you beggin' baby please

Some girls are not like me
I'm better than you ever dreamed of
I've got you baby on your knees
I've got you beggin' baby please

Some girls are not like me
I never wanna be like some girls
Some girls are just for free
I never wanna be like some girls

Gettin' freaky
Gettin' freaky
Gettin' freaky...
