Made your acquaintance late one night
You were floating around, you know you gave me quite
a fright
You didn't seem like an ordinary man
More like a ray of light

You transcendently imposed yourself upon my bed
You know you didn't say very much
I'm out of body and i feel so good in my head
You know i'm really quite touched

I wake up with your fragrance and it's all over me
What cologne do you wear?
I walk around with a smile on my face, 'cause you're
close to me
Well i know you're somewhere

Chorus:

Gonna take my chance on a different kind of romance
A supernatural thing
Gonna have my fill, it gives me such a big thrill to be
with
A supernatural thing

I stay uplifted for quite some time
(or: you say you've lived here for quite some time)
And i'd say that your skills as a lover are very refined
You know just what i want and i don't have to ask
Are you reading my mind?

You're not demanding for a man, that's really quite
rare
You're not the least bit obsessed with your hair
You're not upset when i come home later than ten
For a ghost you're a very good friend

Bridge:

I've got to be a very careful, never know what the
neighbors would say
They already think i'm crazy

I wouldn't like to wake up and find myself in the family
way
A ghost baby?

(chorus, repeat)

I can't see you [so hot]
I know you're out there you little rascal
Stop that

(bridge)

(chorus, repeat)

Gonna take my pants off for a different kind of
romance
That super-duper naturally big thing
It's outrageously large
[super-duper, supernatural, so hot, so hot,
supernatural]
(fade)
