Why's it so hard to love one another  
Why's it so hard to love  
Why's it so hard to love one another  
Why's it so hard to love

What do I have to do to be accepted  
What do I have to say  
What do I have to do to be respected  
How do I have to play

What do I have to look like to feel I'm equal  
Where do I have to go  
What do I have to join to prove I'm worthy  
Who do I have to know

I'm telling you brothers, sisters  
Why can't we learn to  
Challenge the system  
Without living in pain

Brothers, sisters  
Why can't we learn to  
Accept that we're different  
Before it's too late

What do I have to learn to know what's right for me  
What do I have to know  
What am I going to do when I feel righteous  
Where do I have to go

Who should get to say what I believe in  
Who should have the right  
What am I going to do with all this anger  
Why do I have to fight

I'm telling you brothers, sisters  
Why can't we learn to  
Challenge the system  
Without living in pain

Brothers, sisters  
Why can't we learn to

Accept that we're different  
Why's it so damn hard

Bring your love, sing your love  
Wear your love, share your love  
Bring your love, sing your love  
Wear your love, share your love

Bring your love, sing your love  
Wear your love, share your love  
Bring your love, sing your love  
Wear your love, show your sister how

Brothers, sisters, what do I have to say  
Brothers, sisters, how do I have to play  
Brothers, sisters, who should have the right  
Brothers, sisters, why do I have to fight

Why's it so hard to love one another  
Love your sister, love your brother  
Why's it so hard to love one another  
Love your sister, love your brother

Why's it so hard to love one another  
Why's it so hard to love

I'm telling you brothers, sisters  
Why can't we learn to  
Challenge the system  
Without living in pain

Brothers, sisters  
Why can't we learn to  
Accept that we're different  
Why's it so damn hard

Sing your love, share your love  
Sing your love, share your love  
Sing your love, share your love  
Sing your love, share your love

Love your brother now, show your sister how  
Love your brother now, show your sister  
Love your brother now, show your sister how  
Love your brother now, show your sister
