It's your honesty  
With you I have no choice  
When you talk to me  
I could make love to your voice

It's the things I see  
When I look into your eyes  
It's your honesty  
Pulling me closer to you, baby  
You know you drive me crazy

You are one of a kind  
And I want you to be mine, all mine  
Pulling me closer to you  
You have a special quality

You're bringing out the best in me  
You have a special quality  
You are  
Pulling me closer to you

It's your honesty  
With you I have no choice  
When you talk to me  
I could make love to your voice

It's the things I see  
When I look into your eyes  
It's your honesty  
Pulling me closer to you, baby  
You know it just gets better

This is the way it should be  
You know the truth will set you free, so free  
Pulling me closer to you  
You have a special quality

You're bringing out the best in me  
You have a special quality  
You are  
Pulling me closer to you

It's your honesty  
With you I have no choice  
When you talk to me  
I could make love to your voice

It's the things I see  
When I look into your eyes  
It's your honesty  
Pulling me closer to you, baby

Touch my little body  
Embrasse-moi mon amour  
Pour ce soir, pour toujours

Touch my little body  
Dis-moi la verite  
Oui je sais toujours

You have a special quality  
You're bringing out the very best in me  
You have a special quality  
You are  
Pulling me closer to you

Honesty

It's your honesty  
With you I have no choice  
When you talk to me  
I could make love to your voice

It's the things I see  
When I look into your eyes  
It's your honesty  
Pulling me closer to you, baby

It's your honesty  
It's your honesty
