Don't no when they put me in the ground,
I don't no if I was left alone.
All thet matters that I fallow you, on my way to the
unknown baond.

It's could baby but I'm not afraid, I feel lost my life
swept away.
I've been worried, but I promised thy, it so tense when
you're in the life.

Ony time when you walk walk away, it was me, I'm
always here, and I'm gona stay.
Lovin you can not be bad, my blod is boiling and you
make my mad.

I was flying but it was very low, you let your love in
coming down.
And all I thaught it was just another dome, couldnt be
righ what I found.

A montain top it's the need of time,
I'm out of my mind so lets make this night.
On my own every thing is wrong, holding on now I'm
holding on.

Uuhu
You just have to call it out.
You know your love until your love is gone, and you
know that it, that it's that strong.

Only time that you let me down, you just wouldn't let my
in.
It's only time whan it's all went bad, I don't wanna fight
whith you.

Don't you know why I do,
I will never ever let you go.
I will stay with you til I die.

If my blood runs cold I don't wanna know, I'm gona cry
all night long.
I wher your hart until my hart is torn, then I make up,

make up my mind.

When all is gone we just stop below, wher wed go when
we just gotta blow.

Everything that we got in here, don't wanna see you
walking down the stairs.

Uuuhuu

Caus I need you and you know you need me, it's all the
love that you left down on me. Hold me tight and I love
you righth.

I love you, I'll be ther. Baby, baby mine.

You know or time what live that long

You know or time what live that long

You know or time what live that long
