Fall

Into the night

Falling out of the light

And into the night

Fall

Into the night

Falling out of the light

And into the night

And I'll form moons, one shadow, one lone bird, ah

And I will form one tree, one shadow, one bird

Oh, help me clear away

Out of this place

Run away with me

Run away with me

Run away with me

Run away with me

With me

???

Fall

Into the night

Falling out of the light

And into the night

Fall

Into the night

And I will form moons, one tree, one shadow, one bird

Oh, I have cleared away

Out of this place

Run away with me

Run away with me

Run away with me

Run away with me

Oh run away with me (away)

Oh run away with me (away)

Oh run away with me (away)

Run away with me

Oh, I have cleared away

Out of this place
